If you are enrolled via distance education in a unit of study noted below then you are required to attend the on-campus lecture session(s) for that unit.

During your visit to the campus, you are encouraged (but not required) to also sit-in as an audit student on all or some of the lectures for other units of study in order to acquire some familiarity with other subjects which you might decide to formally undertake at a later stage of your studies, or to refresh your knowledge of units previously completed.

The **Academic Writing Workshop** is compulsory for new undergraduate and postgraduate students. It is also strongly recommended for any students who feel that they would benefit from refreshing their academic writing skills, or who are advised by the College to do so.

The Library will be open 10:00am to 8:00pm each day.

Tea/coffee will be provided in the common room, and there are cafes and eateries within short walking distance of the College.
